E	7.2.3.2	Amend	<p>Should any club in Tier 1 fail to achieve a minimum average season pitch mark (based on evenness of bounce, seam movement, carry/bounce, turn) of <b>14.00 (70%)</b>, that ground shall be subject to a full PQS standard inspection at the club’s expense by the County Pitch Adviser. 			including the possibility of demotion or suspension. <i>Footnote:To fall in line with ECB Guidance.</i>
F	7.2.3.2	Adopt	<p><i>ECB Guidance</i>  <i>Pitches should always attract a score of at least 14 (70% ) on the grading criteria for umpires' pitch marks. Any subsequent recommendations for corrective action must be carried out.</i></p> <p><i>The ECB recommends that clubs failing to achieve the benchmark average, having received advice, shall be demoted.</i></p>

			<p>heavily with no play possible until well past the normal tea interval - so what is the latest time a restart is possible for Team B to have the minimum <b>10 overs</b> to constitute a game?</p> <p>In the first innings, you lose one over from both sides' allocations for every full <b>7 minutes</b>. Team A has already received 21.2 overs (part overs are rounded up to 22), so the time lost in the first innings is 28 overs lost per team x 7 minutes = 196 minutes.</p> <p>But Team B only needs to be allocated <b>10 overs</b> to constitute a DLS match. An allocation can never be anything other than a full number of overs.</p> <p>Team A has reached the minimum requirement of 20 overs.</p> <p>So, in this case, the total amount of time you can lose before the game is abandoned is: 196 lost + (22 overs - 12 overs = a 10 overs min DLS target = 12 x 3.5) = another 42 minutes lost plus 30 minutes tea = 196 + 42 + 30 = 268 minutes (4:28 mins) in total are lost. Timings: 14:15 plus 4:28 = Cut Off is at 18:43</p> <p>If a minimum of 10 overs were possible to be played (even though Team A received more), the entries on the Play-Cricket Scorer App calculator would be as follows:                  Open Play-Cricket Scorer App – Select Continue without logging in                  Select <b>DLS</b> – Duckworth Lewis Standard 245 - Overs per innings 50 - 1st innings Suspension Period                  After over 21.2, runs 95, wickets lost 1, overs remaining after suspension 0. ## 8 Notices

- (i) **Play-Cricket Registrations Annual Request** - To aid player communications the ECB have requested that Cornwall Cricket League members/players should individually **sign up** for membership of your club play-cricket site (top right of each homepage) and tick the box to allow communications from the ECB. It also now allows players to view their stats. Only **48%** have signed up of the current 3918 registered league players.  
This process is opposed to the default "Temporary Player Membership" awarded by clubs that register players themselves. Once a member/player has entered their details, and applied for membership, they can be approved by your ClubAdministrator and are eligible to be given web roles on your site. They will also be able to receive the weekly Cornwall Honours Boards email from ECB. The League will annually remove registrations of players who have not played in the **last two seasons**.
- (ii) **Cricket Ball Orders & Competitions Entries** - online deadline **7 February**.
- (iii) Any mutually agreed **re-scheduled** fixtures **MUST** be notified to the League no later than **1 March**.
