W&G's Player Pathway

Every stage of this pathway is important to ensure that all players are provided with a suitable playing offer, no matter their age or ability.

'The Cornish Hundred'

'The Cornish Hundred' is a brand new competition coming to Cornwall this year, involving the top 60 female players in the county to represent one of four teams.

The aims of this competition are:

- Create an *exciting* competition that all female cricketers in Cornwall *want* to be a part of.
- Engage a *new audience* for Women's cricket in Cornwall
- Provide a *high standard* league, consisting of *competitive* fixtures
- Encourage *past players* back into the game
- Obtain *sponsorship* to help fund the competition

Whole Club Ownership

- Provide equal access to facilities, training times and pitches
- Inviting female players to social events and promoting the W&G section to the wider community
- Having a supportive committee, invested in the idea of developing a W&G section
- Once the whole club have bought into the idea of developing a W&G section, a sub-committee should be created

EDI

ECB launched a survey in Mar 2021 to gather evidence. Over 4,000 responses were received including some explosive claims.

In Nov 2021, the ECB committed to a wide ranging plan to tackle racism and promote inclusion and diversity at all levels of the game.

In Jan 2022 a detailed 12 point Anti-Discriminatory plan was issued.

Cornwall
Cricket

What is CCB doing about EDI

A focused committee is meeting regularly to make the necessary changes in Cornwall to improve the culture of the game.

A CCB EDI action plan has been written, which is currently being finalised, presented to the CCB ExCo and with the ECB for approval.
